SALES BY APPOINTMENT ONLY

Seeds have been collected from a wide area of North East Victoria and Southern New South Wales so that where possible customers can be provided with trees grown from local seed. Top quality seed for farm forestry species has been obtained from specially selected provenances.

Prices for common species - \$45 per tray of 40 (single species) - \$40 per tray over 5 trays - Single plants \$2 - \$2.50 each (all prices include GST)
 We also stock a huge range of home garden plants too numerous to mention. Please contact the nursery to confirm current pricing.
